## **G. PROFESSIONAL ACCOMPLISHMENT**

As a Community health physician, I have brought my skills to bear in areas like Health promotion, Epidemiology and disease control, Child and adolescent health:

- I recently initiated plans for implementation of School health programme in schools in Ondo West zonal education districts. This is in conjunction with zonal education districts under the ministry of education. The pilot school for the take-off programme was Local Authority (LA) II primary school. There is also a plan to establish school based Adolescent friendly health services in one of the secondary schools to complement current Adolescent health services offered in the department.
- I initiated and participated actively in the establishment of multidisciplinary Healthy Persons and Geriatric clinic at the State Specialist Hospital Ondo now UNIMEDTHC. The clinic is a collaboration between department of Community medicine and Family medicine of the hospital and has been in operational since 2015.

## **H. CURRENT RESEARCH ACTIVITY:**

1. Knowledge of ethics and COVID-19 related apprehensions among health care workers in a Nigerian tertiary health facility.
2. Prevalence and factors associated with use of Zinc for childhood diarrhoea among children under two years in Nigeria: analysis of a national sample.
3. Vaccine hesitancy and influences among mothers of children under 2 years attending a child welfare clinic in Ondo Southwest Nigeria.
